### First Level 100 in Rounded!

A member of Rounded has finally reached level 100! Aspher, who reached level 100 on the 16<sup>th</sup> of July at 09:23 UTC.

*"i swear it just happened, i totally didnt devote myself towards it. im still happy tho :D" - Aspher*

The writer is going on record to say that this is a lie and Aspher was totally sweating out trying to be level 100.... Do NOT believe him...

"i am aiming for level 100" – Aspher

In all seriousness, congratulations on this legendary milestone Aspher. Here's to many more level 100's!

Aspher is over 10 levels ahead of second place, but more importantly – this marks a turning point for the level of server activity present in Rounded! A server that used to seem almost dead is now extremely active thanks to everyone involved. So congrats to all of you for saving Rounded Entertainment!!!

"pls demote aspher i wanna see what level 100 role looks like" - savannah\_103108

# Burger invasion of Rounded?

Credit: Lenoreno75

On the 24<sup>th</sup> of July a small force of Burgers began an invasion of Rounded Entertainment, there were over 7 burgers inside the general-1 voice chat with their mic's muted. This rather ominous event is potentially indicative of a wider conspiracy by "burgerpooguy" to advertise Tesco to a wider audience. The incursion was swatted by Aspher who was alerted to the incident by Envy. Does this mean the tescoification of Rounded and Enivya is over?

"I love the burger incident its the best thing ever seeing burger burger burger and burger. Truly a phenomenal moment I must say, absolutely unreal. And i forgot a few burgers" – Burgerpooguy

"@aspher dawg y server starting a cult" – Envy

"hey guys enough fun, time to change back" – Aspher

"we are one" - Alihabeeb

# AKrow returns to streaming?

AKrow has made a return to streaming PLS Donate content due to boredom, with a goal of reaching his next donation milestone. This has led to an influx of new members in both Rounded Entertainment and Enivya alike. After he finishes donating he even plays with the fans on game's like "Ink Game" – overall this is a really positive thing for the community and it is nice to see AKrow get some motivation to stream again while still pursuing his passion for making Roblox ~~Games~~ *Experiences*. Hopefully this leads to many more people making ~~friend's~~ *connections* with one another within the servers and greater community!

"Yall it's so nice having Akrow back streaming hope he continues" – Jelly not

"Akrow streaming when I'm boutta go to church" – King Raven

"i might stream just cause" - AKrow

### History of the Week

I am definitely NOT doing this due to a lack of stories...

On the day this paper releases (25<sup>th</sup> July) Constantine the Great would have been proclaimed Emperor of the Romans exactly **1,719 years ago** in Eboracum (now Yorkshire), this event would have a major impact on the future of the world. During his rule as Emperor he would decriminalise and convert the Empire to Christianity, all because he had a dream about it...

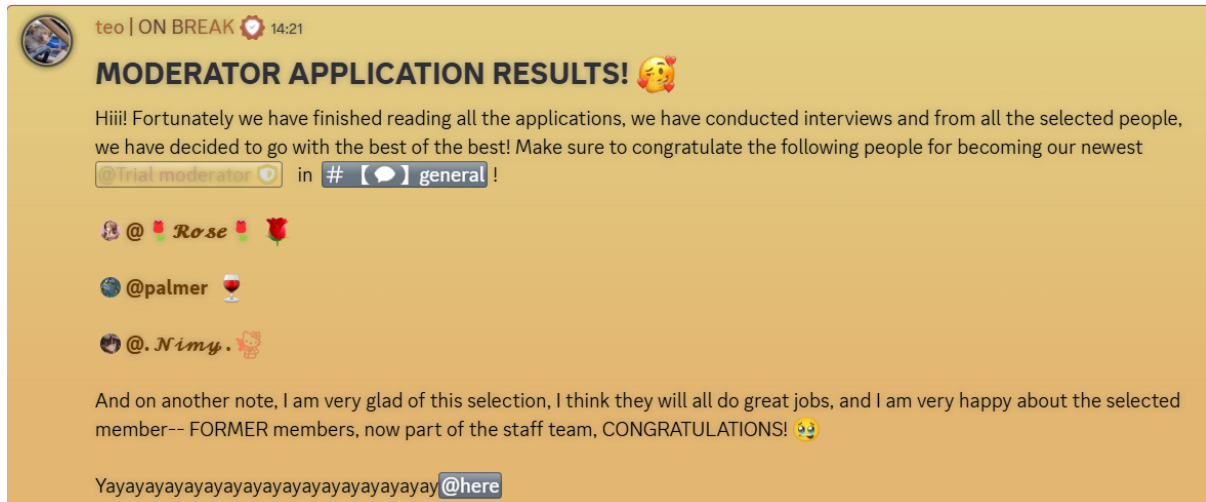

This ultimately led to the spread of Christianity throughout the entirety of Europe and an end to the dominance of “polytheistic faiths”.

The city of Constantinople (Istanbul from 1930) was founded and named after Constantine and would last as the capital of the Eastern Roman Empire for a further 1,147 years!

This really shows how just one person can forever change the course of history for millennia's to come – you could also be this person...
