### WE ARE FUCKING HOMELESS!!

Guys... The newspaper team is about to go bankrupt at this rate. There is NO topics to cover. Weeks are constantly dry. What do we write about, if we don't write we're going to lose our jobs and go homeless ☹️. This week we only found ONE legit article. We ask you for suggestions related to this and what extra activities we can probably add to make some more pages full in the newspaper. Please ping someone in the newspaper team and suggest them about something or submit it in the "Submit your stories" section and give us some ideas, thanks.

# The AnnaKrow Adventure Comic!

Recently, two members of Enivya, Plague Doctor and Shoko have come together to work on a project together. It's a comic about AKrow's nest and Enivya. The comic has lore of it's own where AKrow and Anna are the main characters and there are various roles and workstations along with a bunch of member side characters. Everyone is a HUGE fan of the comic already due to its uniqueness and how good the comic looks. The authors, Plague Doctor and Shoko have named the comic "The AnnaKrow Adventure". This is the very first comic or anything related to that kind released ever in the history of Enivya and Rounded Entertainment excluding some fanfiction made by Valentina which fell off. You can go read the comic in Fan Arts channel in Enivya server. One of the authors, Shoko has told us that they will likely post a chapter bi-weekly or monthly. It is going to be quite interesting to see it unfold. Make sure to support the comic because I sure will due to how good it is!!

"i love drawing comic, it has become part of my daily routine. stay tuned for chapter 2!!!" – Shoko (@\_.shoko\_.)

"Feel like watching a peak anime, oh wait, it is a peak anime. Love all works from shoko she is amazing 🌸💖" – Plague Doctor (@plague\_doctor\_00)

# **Biography - Aspber**

Due to lack of articles, I have come up with the idea to make a biography of my time in the server. Let us know if we should continue doing this but here we go-

I've joined the server of Rounded Entertainment on 9<sup>th</sup> December, 2023, long before AKrow's nest's return and Enivya's creation. I was actually one of my kind 🐼. When I first joined and sent one of my very first messages, I didn't even complain about not getting selected in the stream but AKrow still replied to one of my messages and said "What's your user" and later donated. I joined from the stream where AKrow got smited by Hazem and after not getting any robux from the stream, like naturally I joined the discord server seeing he had one. Which might have been one of the best decisions I had made. I went on to really like the community and became a part of it, I was a pretty active chatter and with nothing much to do I would chat in the server way too much. I met a lot of friends and people during my time in the server. Now I was never able to win any events but I did go on to win plenty of trivias while they existed. Honestly, like 90% of the robux I ever had came from this server. I eventually surpassed the top 1 in level at the time, Envy and became the top 1. Since then I've held my position as the top 1 and so far not beaten once. I also applied plenty of times in Mod Applications and got accepted on my 3<sup>rd</sup> or 4<sup>th</sup> one on May 18<sup>th</sup> and joined the team as a Trial Moderator, later passing the trials and becoming a moderator. I would ultimately like to thank every people who have interacted with me in the server and has made my days much better through talking. I've had fun is all I can say. I really appreciate this community!

## **Merry Christmas!**

Christmas is very close to us! So to people who celebrate Christmas I would like to wish you all to have a great Christmas and plenty of fun. This is completely unrelated to the server but uhhh, yeah. Make sure to wish others merry Christmas or happy holidays and stay hydrated!!! Have fun.

### Pet Appreciation – Shih Tzu

“Life with my five-month-old Shih Tzu has been unexpectedly transformative. She was a gift from one of my closest friends, and from the moment she arrived, her energy and affection changed my home completely. She’s lively, emotional, and sometimes challenging, yet every difficult moment feels worth it when I see her unmistakable smile. My favourite thing about her is how naturally she senses my mood. On days when I’m stressed or upset, she stays beside me, keeping me active, making me laugh, and refusing to let the sadness stay. For such a small dog, she brings an extraordinary amount of comfort and joy into my life.” - Aliyah.Ari\_
