### Southy The Revolutionary

A fine and eminent gentlemen of Rounded Entertainment and Enivya, SouthyTBE. Loved for his humor and kindness, well known for his deeds. Also known for his mischievous works, pranks and such on. At 8:12 AM (EST) made a suggestion in Rounded Entertainment, named "Link Perms". He suggested that permissions for members to be able to send links should be increased to level 10. This was to avoid alt accounts from sending various kinds of phishing links or Discord server invitation links. He even approved **HIMSELF** of the suggestion after creating it. About 15 hours later of creation of this suggestion, the admin of Rounded Entertainment, Teo responds.

What is he saying? "**I'll look into it**". 2 minutes later, he responds- "**I'm making it level 20+**". The suggestion was ACCEPTED and IMPLEMENTED.

Is this what they call groundbreaking revolution? Because it is **ONE**.  
Southy is going down in history to be one of the **VERY FEW** people to have their suggestions accepted and implemented due to lack of proper and necessary suggestions.  
Maybe the rounded was the **friends connections** we made along the path!

"Definitely one of the suggestions ever." - Southy

# AKrow On Vacation

AKrow the manager of Enivya and owner of Rounded Entertainment, beloved by many fans, was one day suddenly sighted to be offline. **AKrow has six PCs and is consistently active on Discord, regardless of the situation.** It is indeed a shocking sight.

AKrow also previously talked about his vacation in the server, saying he planned to start his vacation from 26th July. He will be visiting **Philadelphia, USA**. He is pretty active and does a lot for his community and YouTube channel so it's necessary he needs some breaks and vacations often as well. As of right now, we aren't expected any YouTube videos or changes in servers from him. He does sometimes come online from his mobile and talks with his **friends connections**.

Furthermore, we know from the moderators of RE, he will currently not be able to donate to people winning the daily giveaway winners but he says he will clear it all after he returns. We wish you a happy and peaceful vacation AKrow, safe travels!

"im glad he is outside touching some grass" - Bibi

"Vacation lit" - Freja

"I'm happy AKrow got some time for himself hope he enjoys it there and hope he's safe <3"  
– Hael

# Enivya SMP!

Around the 28<sup>th</sup> of July, there was some talk in the Enivya Discord server about the upcoming Minecraft SMP for the discord server. Shortly after, we suddenly saw a newly created role named "**MC SMP**".

This role was given to a few selected people and we had previously heard that the server might start in early August, right after AKrow returns from his vacation, and so far, it has been going accordingly. Teo stated that they will start the creation of the server from upcoming Saturday or August 2nd.

Teo stated that the SMP will be released on Monday, August 4th. Only a selected few get invited - specifically, those whom Anna thinks are fit to join. Members are very excited about the long awaited, upcoming Enivya SMP.

"i love enivya smp and i love xraying" - Anonymous

"So uh Minecraft is cool and you know... Anna is cool too. I like both so yeah, it's great." - meg

# Rounded VC Incident

On the 27th of July, it was a normal day in Rounded Entertainment. Zytuls, one of the *moderators* of RE joined a voice channel to use the music bot, Jockie Music, so he could listen to his favorite songs. Some bored members decided to join in on him. The numbers only kept increasing, people queued up their favorite songs as well. At one point, the number *peaked* at around 10 people in one channel.

Suddenly, there were two more music channels created, until there was around **25** members across all voice channels. Members demanded Teo to add fourth music bot and he did. Members seemed to have fun in this and this probably set the record for highest members in voice channels at once in RE's history!

"next time it should be 100 people for 5 times the chaos" - icicle

"It was so fun we all listened to music together and the queue was like 2 hrs long but the craziest part was zytuls stealing the music bot lol  and the bot stopping suddenly teo also gifted us few more music bots it was indeed a memorable experience" - Isah

""basically was full of chaos, and random songs playing, and a specific mod aka zytuls keep stealing our music bot from our voice channel" - *Catherine*

"i forgor" - .eze

"i accidentally stole their music bots a few times" – zytuls

# New Enivya Logo!

The **Enivya** Discord server just rebranded their logo! One of the Anna's emojis being used as logo. It seems to be made by Kai (@lazari\_wofly\_art) who made a lot of emojis for the server and also the previous logo.

"so cute, just like anna" - Palmer

"The new picture is so so cute!!! The old one has been here forever and it's a nice change" - mara

"I find the new pfp un enivya's server so cute!! I absolutely love the happy enivya with a heart" - Andreea

"The expression looks like the expression anna would give if akrow confessed his love to her" - anonymous

"I think the new pfp for the enivya server is nice, however I personally prefer the old one as that's what I was used to" - lem

"i think its so adorable, i really like the new one" - petrah
