AKrow's Nest is so Back

After Akrow recieved 1.6million Robux from Hazemn himself – he has once again been able to afford his weekend streams, this led to a reignition of Akrow's Nest as an active community and what shortly followed were significant giveaway changes – for example, there is now a special YT member/booster giveaway; and every 10 levels grants you an extra entry into the main giveaway!

Congratulations to Akrow on the recent successes of his channel!! His stream was so active that it was almost OVERWHELMING with how many TTS notifications he was receiving – a truly incredible comeback to streaming for Akrow.

QUIZ

Pet Appreciation Credit: Reev

This is Lily! She is about 1 year and 2 months old and weighs about 6kgs (she's a bigback). We first got her from this really old lady (older than hael even) and for some reason when we came to fetch her, she decided to step on her sisters faces (that's when we knew she was the main character). She may seem small but damn she is feisty 🐾. Lily loves eating food, sleeping and playing with her favourite stuffed animal that I gave her named George jr. If you guys ever want to know how we named Lily, we named her after a character from the show modern family because uh yeah! Lily is the cvtest, bestest thing to walk this earth and I don't know what I would do without her! Shes the light of my day especially when I get home from school and I just see her head poking out the window! Lily is also a model at our local pet store where she models for all the pet clothes that they sell! I'm so glad that Lily finally made it to the newspaper! Lily says thank you I think.

Plague Doctor's short trip! Credit: I wonder??

So I went to shenzhen and eat a lot of good food. Such as beef for lunch and BBQ for dinner. My personal favorite food among is the spicy potato noodles which is the 4th red photo. After dinner I went to shenzhen Civil center for a new year light show, it is so beautiful.
