ANNA SKULLS EVERYONE!!!

It was a peaceful day in Enivya general, chat dead as usual when Anna revives ping. A fellow member of the server named Maks started complaining he kept being reacted with the skull emoji, to which, Anna replied by skull reacting him and EVERY message that came upon her sight.

ANNA JUMPSCARES THE SERVER??

The same day as the events narrated in the previous article, Anna started using text to speech on her messages... As it was unexpected every member in chat started laughing and it truly created a wonderful moment in the community. On top of that, Anna sent a message with text to speech indicating Valentina as a sexy lady and, while the message was being spoken out, Anna's father entered her room and now thinks of her crazy since she muted herself instantly and started laughing.

“unfortunate situation” – Anna

“TTS” – Akrow

"Holy jumpscare, the german voice made it even funnier because my Discord is on German"

ENVY AIRS VAL FOR DOORS????

Yes, you read the title right. Envy, known member of the servers, aired Valentina, his so-called best friend, over Roblox Doors. Valentina claims she has been texting Envy repeatedly to play Minecraft with her with no response from him. However Envy states none of this has ever happened... who is lying and who is telling the truth here?

"envy hates me and airs me for roblox doors and refuses to play minecraft with me but plays run in a straight line simulator and then airs me for it in general and im crying on the floor right now as i type this because im so devastated im crying so much i cant take it anymore
😭😭" - Valentina

"no you cant get a quote because its not true"- Envy

"star employee tomorrow" - Lem of Nade

AKROW'S NEST IS BACK!

On the 23rd of September AKrow's Nest made its return after being switched to Rounded Entertainment. As well as AKrow's Nest, AKrow also confirmed he will be making more videos, shorts and a MASSIVE 5,000 Robux giveaway in a livestream on October 3rd. Make sure to tune in for it.

Another pivotal information is that AKrow is planning to donate to viewers all his 600k robux?! Watch here: <https://www.youtube.com/shorts/w9Fr9P2hLuw>

"the nest is so back."- Akrow

"maybe the real nest is the nest that we nested in the rounded tag of balls for entertainment and then we became crows and fly away into the sunset but we fly to far trying to go to the sun and fucking die in the atmosphere"- Valentina

“very amazing very awesome yes”- Ali

"im aliveeee but im dEaddddd but im still alive... 🤖" - Nimue

"rip RE x2" - Leonej Kennedy

"About time for the tri monthly rebrand" - M15X

THE GIVEAWAYS GOT KILLED??

The giveaways were indeed stopped due to Roblox false banning both the receiver and the sender account of the Robux through gamepasses for suspicious, black-market activity. Was this move on purpose to promote Roblox PLUS or is it an accident? The problem still has not been fixed and it does not seem Roblox is keen on patching it. Is it the end for the giveaways?

I got a VTuber model!

Credit: Shoko

I personally drew a vtuber model, I didn't expect it to be so hard ngl at a certain point I had 200 layers Idk how my tablet didn't explode. Other than that, im proud of myself for it and now I sent it to a person for the rigging since they offered it for free (actually taking a w???) and nothing im happy yippoeieiei. Also, in the model there are some pins representing the members that have helped me improve in my art and have always supported me but they aren't the only ones!!! Oh yeah and i got the model back and i hosted a party in general-1 to showcase the model and ive got many cursed moments....
